### Overview

This actively managed ETF seeks to provide: (i) stable monthly cash distributions; and (ii) a stable net asset value. The ETF actively invests in a portfolio consisting primarily of U.S. dollar denominated corporate preferred securities, trust preferred securities and other corporate debt with foreign currency substantially hedged to the Canadian dollar. At least 75% of the ETF's portfolio (at the time of investment) consists of securities that are rated investment grade.

The Sub-Advisor, Flaherty & Crumrine, is the longest tenured U.S. investment firm focusing exclusively on managing portfolios of preferred securities for institutional investors. The Sub-Advisor will select a portfolio of preferred investments for the ETF, giving consideration to the opportunity for income, issuer and security diversification, credit quality and duration/interest rate sensitivity.

### Investment Highlights: Preferred Securities

U.S. preferred securities offer:

- Primarily investment-grade securities, with higher yield than many other fixed income categories
- Historical outperformance compared to the S&P/TSX Preferred Share Index with lower volatility
- Low correlation of returns; effective tool to diversify portfolio returns and risk
