Investment Manager

Bloom Investment Counsel, Inc. ("Bloom") was established in 1985 and specializes in the management of segregated investment portfolios for wealthy individuals, corporations, foundations, institutions and trusts. In addition to its conventional investment management business, Bloom currently manages specialty high-yield equity portfolios comprised of dividend-paying common equity securities, income trusts, and real estate investment trusts. Bloom currently provides investment management services to four TSX-listed, closed-end portfolios.

Manager

Founded in 2000, Brompton is an experienced investment fund manager with income focused investment solutions including TSX traded closed-end funds and exchange-traded funds.

WHY INVEST?

- The Investment Manager believes that high-income common equities in Canada will continue to outperform non-dividend-paying common equities
- The Investment Manager believes that investors will continue to place a premium on these companies due to (i) strong cash flows, (ii) the discipline that a high dividend rate places on management, and (iii) investor demand for high levels of income
- CIQ.UN offers monthly distributions of \$0.05/unit (\$0.60 p.a.)
- Investment Manager, Bloom Investment Counsel, Inc. specializes in high income equity investments with over 30 years of experience

INVESTMENT OBJECTIVES

To achieve a high level of monthly cash distributions and the opportunity for capital appreciation by investing in a high income equity portfolio, consisting primarily of dividend paying Canadian equities, and to a lesser extent, the Fund may also purchase fixed income investments.

⁽²⁾ Returns are for the periods ended March 31, 2020. The table shows the Fund's compound return for each period indicated compared with the S&P/TSX Composite Index ("Composite Index"). The Composite Index tracks the performance, on a market weight basis and a total return basis, of a broad index of large capitalization issuers listed on the TSX. Since the Fund is actively managed, the sector weightings differ from those of the Composite Index. In addition, the Fund's portfolio contains predominantly higher dividend paying securities, whereas the Composite Index does not necessarily focus on this type of investment. For these reasons it is not expected that the Fund's performance will mirror that of the Composite Index. Further, the Composite Index is calculated without the deduction of management fees, fund expenses and trading commissions, whereas the performance of the Fund is calculated after deducting such fees and expenses.

You will usually pay brokerage fees to your dealer if you purchase or sell units of the Fund on the Toronto Stock Exchange or other alternative Canadian trading system (an "exchange"). If the units are purchased or sold on an exchange, investors may pay more than the current net asset value when buying units of the investment fund and may receive less than the current net asset value when selling them.

There are ongoing fees and expenses associated with owning units of an investment fund. An investment fund must prepare disclosure documents that contain key information about the Fund. You can find more detailed information about the Fund in the public filings available at www.sedar.com. The indicated rates of return are the historical annual compounded total returns including changes in unit value and reinvestment of all distributions and do not take into account certain fees such as redemption costs or income taxes payable by any securityholder that would have reduced returns. Investment funds are not guaranteed, their values change frequently and past performance may not be repeated.
