⁽²⁾ Subject to the extension of the term for periods of up to five years as determined by the board of directors. The announcement of any extension will be made by news release at least 60 days prior to the then current termination date.

⁽³⁾ Please visit www.bromptongroup.com for further information.

⁽⁴⁾ Provided the net asset value per unit (each unit consisting of one Class A and one Preferred share) is in excess of \$15.00.

⁽⁵⁾ Returns are for the periods ended March 31, 2019. The table shows the Fund's compound return on a Class A share, Preferred share and unit for each period indicated, compared with the S&P/TSX Capped Financials Index ("Financials Index") and the S&P/TSX Composite Index ("Composite Index") and the S&P/TSX Preferred Share Index ("Preferred Share Index"). The Financials Index is derived from the Composite Index based on the financials sector of the Global Industry Classification Standard. The Composite Index tracks the performance, on a market weight basis, of a broad index of large-capitalization issuers listed on the TSX. The Preferred Share Index tracks the performance, on a market weight basis, of a broad index of preferred shares trading on the Toronto Stock Exchange. The Fund invests in a passively managed portfolio of four Canadian life insurance companies and six Canadian banks. The Fund is not expected to mirror the performance of the indices, which have more diversified portfolios. The indices are calculated without the deduction of management fees, fund expenses and trading commissions, whereas the performance of the Fund is calculated after deducting such fees and expenses. Further, the performance of the Fund's Class A shares is impacted by the leverage provided by the Fund's Preferred shares.
