Overview

This actively managed ETF seeks to provide: (i) stable monthly cash distributions; and (ii) a stable net asset value. The ETF actively invests in a portfolio consisting primarily of U.S. dollar denominated corporate preferred securities, trust preferred securities and other corporate debt, and also Canadian preferred shares with foreign currency substantially hedged to the Canadian dollar. At least 75% of the ETF's portfolio (at the time of investment) consists of securities that are rated investment grade.

The Sub-Advisor, Flaherty & Crumrine, is the longest tenured U.S. investment firm focusing exclusively on managing portfolios of preferred securities for institutional investors. The Sub-Advisor will select a portfolio of preferred investments for the ETF, giving consideration to the opportunity for income, issuer and security diversification, credit quality and duration/interest rate sensitivity.

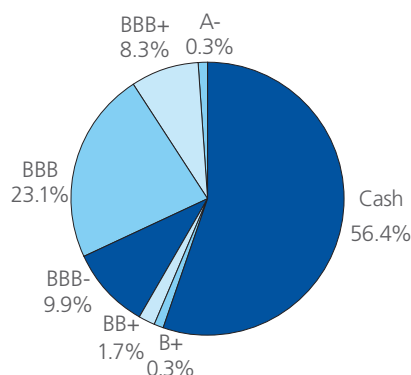

Investment Highlights: Preferred Securities

Preferred securities offer:

- Primarily investment-grade securities, with higher yield than many other fixed income categories.
- Historical outperformance compared to other fixed income categories during periods of rising long-term interest rates.
- Low correlation of returns; effective tool to diversify portfolio returns and risk
