## **GLOBAL DIVIDEND GROWTH SPLIT CORP. ANNOUNCES OVERNIGHT OFFERING**

**Toronto, January 20, 2022 – (TSX: GDV, GDV.PR.A)** Global Dividend Growth Split Corp. (the “Company”) is pleased to announce it is undertaking an overnight treasury offering of class A and preferred shares (the “Class A Shares” and “Preferred Shares”, respectively).

**The sales period for this overnight offering will end at 9:00 a.m. (ET) on Friday, January 21, 2022.** The offering is expected to close on or about January 28, 2022 and is subject to certain closing conditions including approval by the Toronto Stock Exchange (“TSX”).

The Class A Shares will be offered at a price of \$12.40 per Class A Share for a distribution rate of 9.7% on the issue price, and the Preferred Shares will be offered at a price of \$10.00 per Preferred Share for a yield to maturity of 5.1%.<sup>(1)</sup> The closing price on the TSX for each of the Class A Shares and Preferred Shares on January 19, 2022 was \$12.69 and \$10.18, respectively. The Class A Share and Preferred Share offering prices were determined so as to be non-dilutive to the most recently calculated net asset value per unit of the Company (“Unit”) (calculated as at January 19, 2022), as adjusted for dividends and certain expenses to be accrued prior to or upon settlement of the offering. The offering is being led by RBC Capital Markets.

The Company invests in a diversified portfolio (the “Portfolio”) of equity securities of large capitalization global dividend growth companies selected by Brompton Funds Limited (the “Manager”). In order to qualify for inclusion in the Portfolio, at the time of investment and at the time of each periodic reconstitution and/or rebalancing of the Portfolio, each global dividend growth company included in the Portfolio must (i) have a market capitalization of at least \$10 billion; and (ii) have a history of dividend growth or, in the Manager’s view, have high potential for future dividend growth.

The investment objectives for the Class A Shares are to provide holders with regular monthly cash distributions and to provide the opportunity for capital appreciation through exposure to the Portfolio.

The investment objectives for the Preferred Shares are to provide holders with fixed cumulative preferential quarterly cash distributions, currently in the amount of \$0.125 per Preferred Share, and to return the original issue price to holders of Preferred Shares on June 30, 2026.

### **About Brompton Funds**

Founded in 2000, Brompton is an experienced investment fund manager with income focused investment solutions including exchange-traded funds (ETFs) and other TSX traded investment funds. <sup>(1)</sup> See Performance table below. No cash distributions will be paid on the Class A Shares if, after the payment of a cash distribution by the Company, the net asset value per Unit (consisting of 1 Class A Share and 1 Preferred Share) would be less than \$15.00. Yield to maturity for the Preferred Share is based on maturity date of June 30, 2026.

*A short form base shelf prospectus containing important detailed information about the securities being offered has been filed with securities commissions or similar authorities in each of the provinces and territories of Canada. Copies of the short form base shelf prospectus may be obtained from a member of the syndicate. The Company intends to file a supplement to the short form base shelf prospectus, and investors should read the short form base shelf prospectus and the prospectus supplement before making an investment decision. There will not be any sale or any acceptance of an offer to buy the securities being offered until the prospectus supplement has been filed with the securities commissions or similar authorities in each of the provinces and territories of Canada.*

You will usually pay brokerage fees to your dealer if you purchase or sell shares of the Company on the TSX or other alternative Canadian trading system (an “exchange”). If the shares are purchased or sold on an exchange, investors may pay more than the current net asset value when buying shares of the Company and may receive less than the current net asset value when selling them.

There are ongoing fees and expenses associated with owning shares of an investment fund. An investment fund must prepare disclosure documents that contain key information about the fund. You can find more detailed information about the Company in its public filings available at [www.sedar.com](http://www.sedar.com). The indicated rates of return are the historical annual compounded total returns including changes in share value and reinvestment of all distributions and do not take into account certain fees such as redemption costs or income taxes payable by any securityholder that would have reduced returns. Investment funds are not guaranteed, their values change frequently and past performance may not be repeated.
